

**BOARD OF BOILER RULES
MINUTES
March 15 & 16, 2004
Tacoma Labor & Industries**

MEMBERS PRESENT

Craig Hopkins, Chair
Steve Bacon
Kenneth Eshleman
James Olszewski
Robb Marvin, Secretary

OTHERS PRESENT

Bill Gill, Longview Fibre
Larry Leet, City of Seattle
Tony Oda, L&I
Leigh Klein, BP

MEMBERS ABSENT

Faye Dietz

The meeting was called to order at 10:10 a.m. The Agenda for today's meeting was accepted with no additions.

- The minutes from January 2004 Boiler Board meeting were reviewed and a few corrections were made to the WAC revision assignments. Steve Bacon would like to delete 515 and add 520 and 100. A motion was made to revise the January meeting minutes; the motion was seconded and approved unanimously.
- Electrical/Boiler proposal update, the SB 6586 has passed the House and Senate and on it's way to the Governor to be signed. A stakeholder meeting will be held on April 20th at the Comfort Inn, 1620 74th Avenue SW in Tumwater.
- The assignments for making changes to the following rules (WAC's) are as follows:
 - Steve Bacon – 001, 100, 102, 200 and 520
 - Faye Dietz – 050 and 405
 - Ken Eshleman – 010, 140, 300 and 701
 - Craig Hopkins – 502
 - Jim Olszewski – 700
- Larry Leet, City of Seattle, had comments on the use of the term "WA State special". He feels that this is a nickname but actually it is a variance. Robb Marvin made a comment that this terminology has been used for years and many boilers within the state have been stamped with a "WS". Mr. Olszewski will include Mr. Leet's input at our next meeting in May, 2004. Suggestion was made to submit our proposed changes by email to Mr. Marvin and have them posted on the Internet. WAC 296-104-018 discusses the format for submitting any comments or suggested changes and must follow these guidelines.

- Fee increases; CR 101 has been filed for a fee increase of 3.4%. The CR 102, which is the next step, is on its way to the Board of Boiler Rules now for signature and it will go before a public hearing for comment.
- Change to the Board of Boiler Rules bylaws – this is a work in process and one of the more significant changes is going to be an ability for the board to move the date of the study session if it's deemed appropriate by the chairman. In a case when there is nothing to discuss at a study session there is no reason for anyone to travel. The intent is that we always have the study session and having them the day before is ideal, but to recognize that in certain cases it would be appropriate in having the flexibility.
- Department notes – CR101 and the Electrical/Boiler meeting regarding SB6586; the boiler board is taking the position on the support of the stakeholders and no opinion. There is also a CSD-1 training in Tukwila on March 17, 2004.

The next meeting will be held on May 17th and 18th, at the Tacoma Labor and Industries building, 950 Broadway in Conference Room 3. Directions are located on our website at www.lni.wa.gov/tradeslicensing/boilers/calendars.

A motion was made to adjourn, 10:30 a.m.

Respectfully submitted,

Robb Marvin
Secretary
Board of Boiler Rules
